Important Instruction regarding star labelling Program for Solar Water Heater

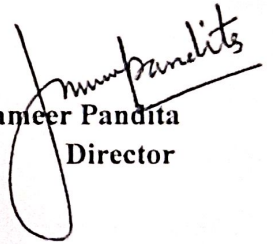

This is to inform that Bureau of Energy Efficiency launched the Star Labeling Program for Solar Water Heater on the National Energy Conservation Day at 14th December 2019.

The program covers all types of thermosyphon based solar water heaters up to 500Liters storage capacity. The star rating table for Solar Water Heater scheme is valid from 14th December 2019 to 31st December 2021.

In this regard, the procedure for company registration has been made live from the date of launch i.e. 14th December, 2019.

Despite several reminders, some manufacturers have not yet registered their company and models under BEE program. Accordingly, willing manufacturers are advised to initiate the procedure of enrolling themselves under star labeling program for Solar water Heater using the following url <https://www.beestarlabel.com/ManageUser/Manageuser>.

Detailed procedure of company/brand registration may be accessed using the url as follows:
