Important Instruction regarding star labeling program for Solar Water Heater

This is to inform that Bureau of Energy Efficiency has launched the Star Labeling Program for Solar water heater on 14th December 2019. The program covers all types of thermosyphon based solar water heaters up to 500 Liters storage capacity.

The energy consumption standards for solar water heater are applicable from 14th December, 2019 to 31st December, 2021.

All the manufacturers are requested to expeditiously register their models through the registration portal of BEE.
