Important Instructions to all Laptop Manufacturers & Permittee

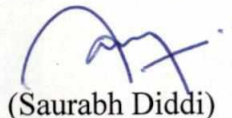

The schedule for Laptops will be revised from BEE star version 1.0 to BEE star version 2.0 w.e.f 1st July, 2016. Subsequent to the above revision, all the manufacturers and permittee of Laptops must follow the instructions mentioned below:

(1) Approved models

For the models which are approved by BEE as per version 1.0 and if such models comply with version 2.0, then those models shall be automatically upgraded to version 2.0 upon submission of a self declaration, from the manufacturers along with its test report.

(2) New Models

- (i) New models shall be registered as per the existing procedure and the online form as per version 2.0 shall be made live w.e.f 1st July, 2016.
- (ii) No application shall be processed as per version 1.0 w.e.f 1st July, 2016.
