### Important Instruction regarding star labelling Program for Chillers

Bureau of Energy Efficiency launched the Star Labeling Program for Chillers in voluntary mode on 14<sup>th</sup> September 2018. The energy performance standards for Chillers were earlier valid from 1<sup>st</sup> January 2019 to 31<sup>st</sup> December 2020.

At per request of RAMA and other stakeholder, BEE has decided to extend the voluntary period for chiller by one more year. The revised label validity for chiller is from 1<sup>st</sup> January 2018 to 31<sup>st</sup> December 2021.

Kindly note that the star labeling program for chillers is proposed to be made mandatory from 1<sup>st</sup> January 2022 onwards and all manufacturers are requested to develop their infrastructure and obtain NABL/ILAC accreditation for their test set up accordingly.
