

F.No: BEE/S&L/LPG Stove/8(3)/2018-19

10th July, 2018

Important Instruction to all LPG Stove Manufacturers and Permittee

The validity period of the existing star rating plan of LPG Stoves has been extended till 30th June, 2019.

Please Note: "Already approved models of LPG stoves may use & affix the revised label (with Label Period from 1st Jan 2014 to 30th June, 2019) on the gas stoves and need not to take fresh approval from BEE to do so.

However, while applying for registration of new models of LPG stove, applicant must submit fresh application to BEE as per the criteria laid down along with revised label displaying new label period."

The CDR file format of the revised label is available on www.beestarlabel.com.
